

GRAFFITI REMOVER

DETERGENT GRAFFITI REMOVER

code 7780001

DESCRIPTION

GRAFFITI REMOVER is a gel product formulated to remove defacing effected with enamel and other paints on natural and artificial stone surfaces, cement conglomerates and brick.

It is easy and rapid to use.

The product must not be used on surfaces decorated with paint as it will result in cosmetic damage of the surface.

INSTRUCTIONS FOR USE

May be applied over:

- unpainted natural and artificial stone surfaces, cement conglomerates and brick.

Pay attention to plastic material: the detergent could damage them.

TECHNICAL SPECIFICATIONS

- Specific gravity per UNI EN ISO 2811-1: 1.09 ± 0.05 kg/l at 20° C

- Appearance: gel

PREPARING THE SURFACE

APPLICATION INSTRUCTIONS

Conditions of the surface and surroundings:

Air temperature: Min. +5° C / Max. +35° C.

Temperature of the surface to be treated: Min. +5° C / Max. +35° C.

The surface to be treated must be dry.

- Dilution: ready for use.

- Number of coats: apply 1 or more coats until the paint products on the surface have been completely eliminated.

- Apply the product abundantly using a brush over the area and leave to act 20-40 minutes, then remove with a suitable tool (brush, scraper) and wash with abundant hot water.

- Removal of the graffiti will depend much on the porosity of the surface; on smooth surfaces such as marble and granite, cleaning is easy, whereas on highly porous surfaces it may prove more difficult. On porous surfaces, therefore, it may be necessary to apply GRAFFITI REMOVER several times in order to clean the surface completely.

- All tools should be washed in water immediately after use.

- Indicative coverage: 4-5 m²/l. on smooth surfaces. It is recommended that a test be effected on the surface to be cleaned to determine effective consumption.

TINTING

STORAGE

Maximum temperature for storage: +30 °C.

Minimum temperature for storage: +5 °C.

The product should be preferably used within 2 years from

date of manufacture when stored in original unopened containers and in appropriate temperature conditions.

SAFETY RULES

Dir. 2004/42/EC not applicable
